## useR!2019 & tutorial: statistical data cleaning

Giovanna de Vincenzo, [bari@rladies.org](mailto:bari@rladies.org)

18 luglio, 2019

- ① 18:00-18:15: Welcome R-ladies Bari
- ② 18:15-18:30: Presentazione R-ladies Bari
- ③ 18:30-20:00: useR!2019 & tutorial
- ④ 20:00-20:15: Saluti e Networking

18:00-18:15: Welcome R-ladies Bari

18:15-18:30: Presentazione R-ladies Bari

R-Ladies was created in 2012 in *San Francisco* by **Gabriela de Queiroz** founded and it was the first women-focused R user group.

Currently, *R Ladies* concept has expanded to a global franchise of 163 active group and many other that are starting to be organized.

## Program overview

An application to browse the program is also available [here](#).

Keynote speaker informations are available on the [program page](#).

Tutorial details are available on the [tutorials page](#).

Wednesday (July 10)

Thursday (July 11)

Friday (July 12)

This is the main meeting of the **R user and developer community**, its program consisting of both invited and user-contributed presentations:

- The invited keynote lectures cover a broad spectrum of topics ranging *from technical and R-related computing issues to general statistical topics of current interest*.
- The user-contributed presentations are submitted as abstracts prior to the conference and may be related to (virtually) any R-related topic. The presentations are typically organized in sessions of either broad or special interest, which also comprise a “free” discussion format.
